# ABOUT US:

Incorporated in 1987, PMP Metal Plast is one of the leading manufacturing units of India in the field of sheet metal components such as Housings, Heat Sinks, etc. Our client growth over the last three decades is a testimony of our success.

## MISSION

We at PMP Metal Plast are committed to consistently adding values to our stakeholders with constant improvement in product design by following the best industry practices for manufacturing and quality control while following eco-friendly measures.

## WHY PMP?

We offer diversified range of best quality sheet-metal components measures.

Enriched with an experience of more than three decades of serving renowned market players.

Large-scale production and cost effectiveness with timely delivery.

## STRATEGY

### Development & Production

we are committed for continuous development of product design with advanced machinery and efficient workforce.

We are committed to a process-driven system where we can adapt and save to continuous compliance with the international quality management system ISO 9001:2015.t
